***Terminal Disclaimer***

1. The terminal disclaimer filed on 9 March 2007 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of U.S. Patent No. 6,738,354 has been reviewed and is accepted. The terminal disclaimer has been recorded.

***Examiner's Amendment***

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Richard M. Lehrer on 15 August 2007.

The application has been amended as follows:

- In claim 4, line 3, "the received label" has been changed to --the label--.
- In claim 4, line 4, "with a set of label identifiers indicative of labels available for use over the hop" has been changed to --with the label availability table--.
- In claim 15, lines 3-4, "with a set of label identifiers indicative of labels available for use over the hop" has been changed to --with the label availability table--.
- In claim 22, line 4, "a label availability indication" has been changed to --a label availability table--.
- In claim 22, line 12, "a label availability table" has been changed to --the label availability table--.

- In claim 23, line 3, "with the label availability indication" has been changed to --with the label availability table--.

These amendments clarify that the "label availability table", disclosed in claims 1, 12, and 22, is synonymous with the "set of label identifiers indicative of labels available for use over the hop", disclosed in claims 4 and 15, and the "label availability indication", disclosed in claims 22 and 23.
